Items Needing Documentation

Janitorial Items

- FS API options/syntax check
  - Need volunteers to pick a few API cmds and scour the source and make sure that the syntax/help/wiki are all up-to-date. This is critical for 1.0.5

Items Needing Discussion

- New FS stuff
  - Tab completion in fs_cli in Linux/Unix!!!
  - uuid_audio cli cmd (fisheye)
  - New dp apps for audio level (fisheye diff)
  - Update on 105 (pre9 or pre10)
- Screen casting - what works for you?
  - Main requirement: zero cost
- FreeSWITCH blogs
  - We would like people who are blogging about their FreeSWITCH activities (or who would like to blog) to please consider blogging on the main FreeSWITCH site. We feel that our content on the main site could be more colorful if we had different people making their mark
